Dialogues on Pedagogical Documentation with Keynote by Dr. Affrica Taylor (University of Canberra)

Thursday, April 11

9:00 am to 4:30 pm

Hyatt Regency, Vancouver

Fundamental changes have taken place within early childhood education. One decisive shift has been the development of innovative curriculum frameworks (e.g., Government of BC, 2008a; ON Ministry of Education, 2014) that replace the concept of programming with pedagogies. In these frameworks, pedagogical documentation or pedagogical narrations is mentioned as the primary tool for engaging with pedagogy. Yet, there remains an enormous challenge for educators/early years practitioners to engage in pedagogical documentation/pedagogical narration.

This forum will facilitate dialogues that foster and enact collective, ethical-political, inclusive and socially-just perspectives of pedagogical documentation/pedagogical narrations and links these to Canadian early childhood curriculum frameworks. We invite educators, pedagogists, instructors, researchers, and other early years practitioners to submit proposals and join up in the conversation.

Hosted in partnership the ECE Articulation Committee and Capilano University in partnership with the Ontario Reggio Association and the Vancouver Reggio Association.

Also back by popular demand are the **ECE Post-Secondary Instructor Networking Session**.

Infant Toddler Workshop with Zsusa Libertiny of the Pikler Institute.
