

Early Childhood Educator

Full-time

Nest Early Learning is a full-day childcare program that helps preschoolers develop into the best version of themselves. We are strong advocates of the Attachment Based Developmental and Emergent Curriculum approaches. We are seeking candidates who are willing to learn and have experience with either or both of these philosophies of care.

Our Goal: To help preschoolers develop into their full potential by providing a nurturing environment that they are comfortable calling their second home.

Job Description:

We are currently seeking full-time early childhood educators for our 3-5 group.

Our ideal candidate:

- has a genuine care for the emotional, social, and cognitive needs of every child
- is team oriented, respectful and has a good work ethic
- is comfortable speaking with guardians on a daily basis
- has a working knowledge of the Emergent Curriculum teaching philosophy
- is familiar with and willing to practice the Attachment Based Development Approach

Our Motto: "You are invited to be in my presence with no conditions and I will do the work to preserve your connections with your caregivers. I will do the work to take their place when you are in my care."

Qualifications:

- Holds a current ECE licence to practice
 - Infant/Toddler and Special Needs certifications are assets
- Holds a valid childcare first-aid certificate
- Has a clear criminal record check

Compensation & Benefits

\$22.00 per hour with full benefits package after 3 months of employment

Qualified candidates may submit a resume to:
